2023 — Swedish language high school exam 3. Svenska nationella provet på gymnasienivå i Sverige (Svenska som andraspråk 3)

Graphic Designer. Artist

Hi,

My Taiwanese name is Kuan, but most of my friends call me Angela. I am from Taiwan and in 2016 decided to move to Sweden. I can speak four languages: English, Chinese, Taiwanese, and Swedish. I have passed the Swedish national exam at the upper secondary level in Sweden (Svenska som andraspråk 3). My dual Swedish and Taiwanese citizenship gives me a profound understanding and keen sense of different markets.

I am an experienced senior graphic designer passionate about design and art, with 10+ years of experience in design and international cooperation. I studied art at the famous Fu-Hsin Art School in Taiwan. After my education at art school, I have worked as a graphic designer at various international companies such as Swedish company Tetra Pak, Australian design agency Nitro Group (Now part of SapientRazorfish) in the Taiwan Branch office, Hong Kong clothing brand HANG TEN, the American company Jeunesse Global, and other international and local companies. Typical assignments are poster design, logos, packaging design, corporate identity system design, process illustrations, business cards, infographics, concept art, book illustration, etc.

From August 2003 to June 2025, I was employed as a map illustrator for Sony Network Communications Europe. However, I am looking for a job that allows me to be more creative and innovative. My creativity and detail orientation are reflected in my work as a creative artist. I can complete the design case independently, but I am also a great team player.

Art has been a passion of mine since I was a child, and I believe it will always be. I brought this passion with me to Sweden and find joy in utilizing my creativity in my life. I will bring creative and positive energy to the company through a desire and willingness to work with others to achieve a common goal.

My design portfolio can be viewed at <https://www.angeladesignart.com/>
I appreciate your consideration of my application. I am eagerly awaiting your response.

Sincerely,

Angela Lin

Hej,

Mitt taiwanesiska namn är Kuan, och jag följer Angela bland mina vänner. Jag kommer ursprungligen från Taiwan, men jag har bott i Sverige sedan 2016. Jag talar fyra språk, inklusive engelska, svenska, kinesiska och taiwanesiska. Att resa och utforska olika kulturer är min passion. Jag tror att min mångsidiga bakgrund och erfarenheter kan ge mer värde till ditt företag.

Jag var anställd som kartillustratör på Sony Network Communications Europe mellan Augusti 2023 och juni 2025. Jag söker dock ett jobb som låter mig vara mer kreativ och innovativ. Med över ett decenniums arbetslivserfarenhet inom grafisk design och internationellt samarbete är jag övertygad om att jag kan tillföra mycket till bordet. Trots att jag inte tagit examen från ett känt universitet i Sverige har jag en stor arbetsmoral och en positiv attityd.

Efter att ha avslutat min utbildning på en välrenommerad konstskola i Taiwan arbetade jag som grafisk designer för olika internationella företag som TetraPak, Nitro Group, HANG TEN, Jeunesse Global och många andra. Mitt arbete går ut på att designa affischer, logotyper, förpackningar, företagsidentitetssystem, infografik, konceptkonst, bokillustrationer med mera.

Jag är självgående och kan arbeta självständigt, men jag är också en utmärkt lagspelare. Jag är säker på att jag kan tillföra min kreativa och positiva energi till ditt företag och arbeta med andra för att nå gemensamma mål.

Vänligen hitta min designportfölj på <https://www.angeladesignart.com/>. Tack för att ni har min ansökan i åtanke. Jag ser fram emot att höra från dig snart.

Vänliga hälsningar,

Angela Lin

Reference for Angela Lin, Senior Graphic Designer

Amplitude Creatives contracted senior graphic designer Angela Lin for the project *Rekrytering utan barriärer* (Region Skåne / Tourism in Skåne). The initiative was carried out in collaboration with ten selected hotels and conference venues, with stakeholders including municipalities, transport companies, vocational schools within restaurant and food programs, as well as recruitment companies (Rusta & Matcha).

Angela supported us by developing the overall look and feel of our project presentations, including colour schemes, layout, and text structure. She also devised creative solutions for presenting large volumes of research data in a clear and engaging way, ensuring that both project members and external clients could easily understand and use the results.

Her work combined professionalism, creativity, and precision. She delivered high-quality materials within deadlines and adapted her design approach to suit the public sector context, where clarity and accessibility are key. The materials she produced contributed significantly to the project's communication and impact.

We are happy to recommend Angela Lin for future assignments requiring strong visual communication and thoughtful design solutions.

Sincerely,

Jeanna Kimbré

CEO

Senior Creative Director

I have set up a design studio from scratch for "Tetra Pak" Taiwan in order to support business development by generating good visual samples to support the sales team. The design studio proved to be a big success in enabling sales resulting in me receiving the "Entrepreneurship Award 2002" from Tetra Pak Taiwan.

Tetra Pak

Tetra Pak Taiwan Ltd.

5 May 2003

Taiwan

To whom it may concern

Angela Lin joined Tetra Pak Taiwan as a graphic designer in August 2001. Her initial challenge was to establish, from scratch, an art studio capable of developing and producing new package concepts and designs. Angela completed this task to a high level of satisfaction and was subsequently promoted to the role of Senior Graphic Designer in charge of an Art Studio with 2 Graphic Designers and 1 Studio Assistant, in her capacity as Senior Graphic Designer, Angela is responsible for the management and operations of the studio, including staff management issues, work planning, creative direction, quality control as well as hands on design work herself.

The Design Studio is now delivering more than 1,500 different package designs per annum (a huge amount) and is widely acclaimed to be delivering some of the highest standard new product/package concepts in the Tetra Pak world.

New product/package concept designed by Angela Lin

In recognition of Angela's outstanding achievements she was credited with the annual Tetra Pak *"entrepreneur of the year"* award at the 2002 annual party. This is an outstanding achievement, particularly as there are only 3 awards given each year in a company of well over 200 people.

Angela continues to work at Tetra Pak Taiwan and in the time she has been with us has made a really major contribution to the company. Angela is able to bridge the gap between a strategic brief and creative execution, she is dedicated, determined and efficient. It is a sign of Angela's commitment that I am unable to recall a time when Angela failed to live up to a promise or meet a commitment or delivery deadline.

Angela has managed to maintain her own individuality whilst at the same time adhere to company values and regulations. She smiles a lot, is a great team player, is popular and is equally respected by her staff and management alike.

Angela is a real asset to my department and Tetra Pak Taiwan. I have no hesitation in recommending Angela for any future position of relevance with the exception that we would not be happy to lose her!

Your Sincerely

John Fairbrother

Marketing and Business Development Director

Tetra Pak Taiwan Ltd.

MICHAEL ZACKA

Managing Director

April 22, 2004

To Whom it may concern,

This is to confirm that Ms Angel Lin joined Tetra Pak in August of 2001 in the position of senior graphic designer.

During this period Angela was instrumental in developing our internal design department from bottom up including management & recruitment of new people, establishment of new systems and software.

Under the lead from Angela the design department has supported our business development through creativity and innovation bringing to customers an unprecedented level of design innovation.

It is with regret that Angela has elected to leave Tetra Pak to pursue a new challenge, however, it is the purpose of this recommendation to highlight that she has made a major contribution to our operations, and is well suited to any position it is related to creative/ package design.

Regards,

Michael Zacka
