Dear Recruitment Team,

I am a Graphic Designer with over 10 years of experience transforming ideas into engaging visual stories at the intersection of graphic design, brand identity, packaging design, illustration, and strategy. I balance creativity with structure, successfully driving projects from concept to final delivery with precision and reliability.

Throughout my career, I have collaborated with leading international brands including Sony Network Communications Europe, Tetra Pak Taiwan, Nitro Group (Publicis Groupe), and Hang Ten Taiwan. My expertise spans graphic design, brand identity, packaging design, illustration, and visual design, primarily utilizing software such as Adobe Illustrator, Photoshop, and InDesign. During my tenure at Tetra Pak Taiwan, I established and managed an in-house design studio delivering over 1,500 package designs annually under tight deadlines. Combined with my strong artistic foundation from Arts School and recent project work with Swedish agencies like Amplitude Creatives, I bring creative versatility, data visualization expertise, and rigorous quality control.

Why I am a strong fit for your team:

- **Multidisciplinary Design & Fine Art Expertise:** I bring broad hands-on experience across graphic design, packaging, visual identity systems, and fine art, bridging commercial strategy with artistic intuition.
- **Cross-Cultural Adaptability & Languages:** A Swedish citizen originally from Taiwan, I am fluent in English, Mandarin, and Taiwanese, and hold a Svenska som andra språk 3 (SVA3). Having used English as my primary professional language—including at Sony—I am eager and confident to quickly reactivate and refine my Swedish in a daily team setting.
- **Creative & Collaborative Drive:** I am highly creative, detail-oriented, and dedicated to working closely with teams to co-create exceptional results and bring impactful design solutions to life.
- **Financial Incentive:** I am currently eligible for the Nystartsjobb employment support program through Arbetsförmedlingen, offering a tangible financial benefit to your organization.

I look forward to the opportunity to meet and present my work in more detail.

Kind regards,

Angela Kuan Lin

Till Rekryteringsteamet,

Jag är en grafisk designer med över 10 års erfarenhet av att förvandla idéer till engagerande visuella berättelser i skärningspunkten mellan grafisk design, varumärkesidentitet, förpackningsdesign, illustration och strategi. Jag balanserar kreativitet med struktur och driver framgångsrikt projekt från koncept till slutlig leverans med precision och pålitlighet.

Under min karriär har jag samarbetat med ledande internationella varumärken som Sony Network Communications Europe, Tetra Pak Taiwan, Nitro Group (Publicis Groupe) och Hang Ten Taiwan. Min expertis omfattar grafisk design, varumärkesidentitet, förpackningsdesign, illustration och visuell design, främst med hjälp av programvaror som Adobe Illustrator, Photoshop och InDesign. Under min tid på Tetra Pak Taiwan byggde jag upp och ledde en intern designstudio som levererade över 1 500 förpackningsdesigner årligen under korta tidsfrister. Kombinerat med min starka konstnärliga grund från konstskola och mina senaste projekt för svenska aktörer som Amplitude Creatives, bidrar jag med kreativ mångsidighet, expertis inom datavisualisering och noggrann kvalitetssäkring.

Varför jag passar bra i ert team:

- **Mångsidig design och konstnärlig expertis:** Jag har bred praktisk erfarenhet inom grafisk design, förpackningsdesign, visuella identitetssystem och bildkonst, där jag förenar kommersiell strategi med konstnärlig intuition.
- **Kulturell anpassningsförmåga & språk:** Som svensk medborgare med ursprung i Taiwan talar jag engelska, mandarin och taiwanesiska flytande samt har betyg i Svenska som andra språk 3 (SVA3). Eftersom engelska har varit mitt huvudsakliga arbetsspråk – bland annat på Sony – är jag mycket motiverad och trygg i att snabbt återaktivera och utveckla min svenska i det dagliga teamarbetet.
- **Kreativt & kollaborativt driv:** Jag är mycket kreativ, noggrann med detaljer och dedikerad till nära samarbete i team för att samskapa exceptionella resultat och förverkliga verkningsfulla designlösningar.
- **Ekonomiskt incitament:** Jag uppfyller för närvarande kraven för Nystartsjobb via Arbetsförmedlingen, vilket ger en direkt ekonomisk fördel för er som arbetsgivare.

Jag ser fram emot möjligheten att träffas och berätta mer om hur jag kan bidra.

Med vänliga hälsningar,

Angela Kuan Lin

Reference for Angela Lin, Senior Graphic Designer

Amplitude Creatives contracted senior graphic designer Angela Lin for the project *Rekrytering utan barriärer* (Region Skåne / Tourism in Skåne). The initiative was carried out in collaboration with ten selected hotels and conference venues, with stakeholders including municipalities, transport companies, vocational schools within restaurant and food programs, as well as recruitment companies (Rusta & Matcha).

Angela supported us by developing the overall look and feel of our project presentations, including colour schemes, layout, and text structure. She also devised creative solutions for presenting large volumes of research data in a clear and engaging way, ensuring that both project members and external clients could easily understand and use the results.

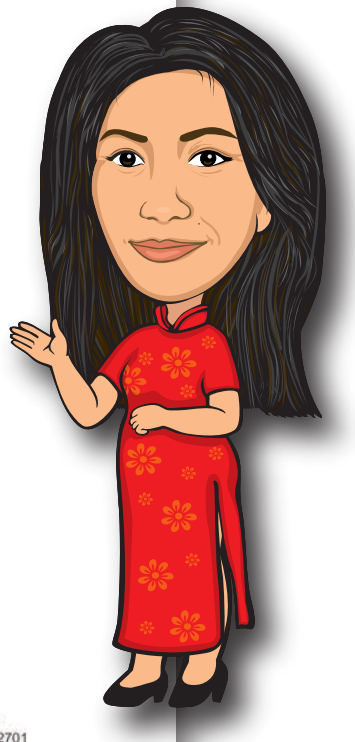

Her work combined professionalism, creativity, and precision. She delivered high-quality materials within deadlines and adapted her design approach to suit the public sector context, where clarity and accessibility are key. The materials she produced contributed significantly to the project's communication and impact.

We are happy to recommend Angela Lin for future assignments requiring strong visual communication and thoughtful design solutions.

Sincerely,

To whom it may concern

Angela Lin joined Tetra Pak Taiwan as a graphic designer in August 2001. Her initial challenge was to establish, from scratch, an art studio capable of developing and producing new package concepts and designs. Angela completed this task to a high level of satisfaction and was subsequently promoted to the role of Senior Graphic Designer in charge of an Art Studio with 2 Graphic Designers and 1 Studio Assistant, in her capacity as Senior Graphic Designer, Angela is responsible for the management and operations of the studio, including staff management issues, work planning, creative direction, quality control as well as hands on design work herself.

The Design Studio is now delivering more than 1,500 different package designs per annum (a huge amount) and is widely acclaimed to be delivering some of the highest standard new product/package concepts in the Tetra Pak world.

New product/package concept designed by Angela Lin

In recognition of Angela's outstanding achievements she was credited with the annual Tetra Pak "*entrepreneur of the year*" award at the 2002 annual party. This is an outstanding achievement, particularly as there are only 3 awards given each year in a company of well over 200 people.

Angela continues to work at Tetra Pak Taiwan and in the time she has been with us has made a really major contribution to the company. Angela is able to bridge the gap between a strategic brief and creative execution, she is dedicated, determined and efficient. It is a sign of Angela's commitment that I am unable to recall a time when Angela failed to live up to a promise or meet a commitment or delivery deadline.

Angela has managed to maintain her own individuality whilst at the same time adhere to company values and regulations. She smiles a lot, is a great team player, is popular and is equally respected by her staff and management alike.

Angela is a real asset to my department and Tetra Pak Taiwan. I have no hesitation in recommending Angela for any future position of relevance with the exception that we would not be happy to lose her!

John Fairbrother

To Whom it may concern,

This is to confirm that Ms Angel Lin joined Tetra Pak in August of 2001 in the position of senior graphic designer.

During this period Angela was instrumental in developing our internal design department from bottom up including management & recruitment of new people, establishment of new systems and software.

Under the lead from Angela the design department has supported our business development through creativity and innovation bringing to customers an unprecedented level of design innovation.

It is with regret that Angela has elected to leave Tetra Pak to pursue a new challenge, however, it is the purpose of this recommendation to highlight that she has made a major contribution to our operations, and is well suited to any position it is related to creative/ package design.

Regards,

Michael Zacka
